GENERAL INFORMATION

Once the Report of Adoption is received by the Utah Office of Vital Records and Statistics (OVRs), a letter will be sent to the parents and/or attorney with instructions on how to obtain a new birth certificate. OVRs may require a certified copy of the Decree of Adoption or other court documents as deemed necessary by the State Registrar.

The original birth certificate, this Report of Adoption and other related information will be placed in a sealed file. This sealed file cannot be further accessed without a court order. A new birth certificate will be created for the adopted child and is filed in place of the original birth record. The new birth certificate will reflect the name of the child as ordered in the Report of Adoption and the information of the adopting parent(s) will replace the information of the natural parent(s). The new birth certificate is similar in form and content as the original record.

OVRs may only register a new birth certificate for children born in Utah or children born in a foreign country whose adoption has been completed or registered in a Utah District Court.

Children born in other states: When the Report of Adoption is received by OVRs, it will be forwarded to the listed state of birth.

In order to obtain a new birth certificate, OVRs will require the following items for each type of adoption:

Step-Parent Adoption	Two New Parent Adoption, Single Parent Adoption, or Family Adoption	Foreign Adoption Adoption finalized in foreign country and reported to Utah District Court	Foreign Adoption Adoption of a foreign born child which has been finalized in Utah District Court

The new birth record will not be created until the fees have been paid and all required documentation has been received by Vital Records.
